

- Dental care is important to overall health. That's why our dental plans include essential benefits to ensure members receive complete oral health coverage through our own dental network.
- Pediatric Dental is an Essential Health Benefit, as outlined in the Affordable Care Act. As an insurer, we are required to make our best efforts to ensure that you obtain this coverage.
- Our plan offers flexibility to see out-of-network dentists.\*

\*Participating providers may not balance bill the member. Members have the option to receive dental services from a provider who does not participate in the BlueShield of Northeastern New York contracted network of providers. Out-of-network services are reimbursed at 100% of the in-network fee schedule and the nonparticipating provider may balance bill the member. Visit [bsneny.com](https://bsneny.com) to see if the dentist is participating in the network or located within our operating area.
