

Price a Medication Online

Whether you pick up your prescriptions at a pharmacy or have them delivered, you can compare prices for all brand-name and generic medications, as well as identify lower-cost alternatives. It's quick and easy!

Log in to your secure portal at bsneny.com and select *Manage my prescriptions*. If this is your first time visiting, you'll need to take a moment to register. Have your member ID card handy.

Once signed in, click the *Prescriptions* drop-down menu and select *Price a Medication*. Your member benefits are automatically applied (such as any deductibles, copays, or coinsurance) so that you can easily find out how much your medication will cost. Enter a location to compare pricing among multiple pharmacies.

While *Price a Medication* helps you select the lowest-cost pharmacy, it will also notify you of any need for prior authorizations, step therapy (when you must try a preferred brand before a non-preferred can be used), and quantity limits (the maximum amount of medication you can receive at one time, typically for safety reasons).

You can also download the Express Scripts® mobile app at the App Store or Google Play. Once downloaded, you can price a medication on the go, select the pharmacy with the lowest cost, and link to driving directions.

BlueShield of Northeastern New York is a division of HealthNow New York Inc., an independent licensee of the Blue Cross and Blue Shield Association. Blue Shield® and the Shield Symbol are registered service marks of the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans. Express Scripts® is a separate company. Cost of medications may vary. For any questions, please contact BlueShield of Northeastern New York using the phone number on the back of your member ID card. 13509_NENY_5_18
